

Agricultural District Farming Activity Disclosure

A disclosure containing the following paragraph must be included in all purchase contracts for property that may be either wholly or partially within an agricultural district. This was mandated with passage of Chapter 797 of the Laws of 1992. Have this signed by both the PURCHASER and SELLER and include a copy with the purchase offer.

"It is the policy of this state and this community to conserve and, protect and encourage the development and improvement of agricultural land for the production of food and other products, and also for its natural and ecological value. This notice is to inform prospective residents that the property they are about to acquire lies partially or wholly within an agricultural district and that farming activities occur within the district. Such farming activities may include, but are not limited to, activities that cause noise, dust and odors."
